E C O M M E R C E

The idea of selling your product or service via the web is a juicy, tantalizing temptation. Think of the advantages:

Low overhead.

Reach a wide audience.

Compete on the same field as mega shops.

Create relationships, not just a "quick sell."

But where do you start? With contacting LaGreca Arts! We can build you a solution as simple and low cost as using Google or Paypal buttons on an existing site. Or, as big as a complete shopping cart into a fresh, new website. Our goal is to get you SELLING STUFF, not worrying about your website, security, or paying exorbitant rates and fees.

E COMMERCE SHOPPING CARTS

Paypal or Google Checkout Buttons

Perfect solution for a few items. These buttons can appear anywhere and work with most existing sites.

Virtual Stores on Specialty Sites

Why reinvent the wheel when many shopping sites allow you to set up a virtual store? We can help get your stuff on these sites.

Complete E-Commerce Solution

A complete, robust solution that integrates into the Wordpress content management system.

Includes shipping sub-system, inventory management, ability for visitors to rate products, coupons, sell electronic versions of music, books, or movies with "instant download" option, various product views and display options, offer specials.

P R I C E

Since every situation is unique, contact us for an estimate. Final price is based on our hourly rate. Typically, shopping cart ability can start at \$200 (for Paypal buttons on an existing site) up to \$2000 or more for a full shopping cart system.
